Welcoming residents for specialist
Reconnect dementia care, residential
dementia and short-term respite care

Welcome to Lansbury Court

Choosing care for someone you love is never easy. It's a decision filled with emotion, hope, and a desire to find the very best support. We're glad that you're considering Lansbury Court, and we're here to walk alongside you every step of the way.

Lansbury Court is a bright, modern and welcoming home in Castletown, offering 24 hour specialist dementia nursing care within our Reconnect communities. The home features 49 comfortable bedrooms, all equipped with contemporary facilities, while the private gardens provide a popular space for relaxation.

But beyond the building itself, what truly matters to us is the people who live here - their stories, their personalities, and the things that make them feel at home. From the moment someone comes to live with us here, we take time to understand who they are and what brings them comfort, joy and purpose. We support not only their health needs,

but also their emotional and social wellbeing, helping them settle in and feel part of our community.

We believe life should be lived as fully and as normally as possible. That means focusing on what people can do, not what they can't. We encourage independence, celebrate individuality, and support each person to make choices that feel right for them. Our aim is simple: to help people live enriched, meaningful lives where they feel valued for exactly who they are.

Lansbury Court is a sociable, friendly place where people spend time together, build new friendships and enjoy activities that matter to them. Whether it's a quiet moment, a shared laugh, or a lively event, there's always something to be part of. We're proud of our strong links with the local community too, bringing the outside world in, and helping people stay connected to the places and experiences they love.
